)

This matter comes before the Public Service Commission of South Carolina (Commission) on the request to cancel U.S. TelePacific Corp. d/b/a TelePacific Communications' (TelePacific or the Company) Certificate of Public Convenience and Necessity (Certificate) to provide resold and facilities-based local exchange and intrastate interexchange telecommunications services in the State of South Carolina. A review of the Commission's records reveals that the Commission granted TelePacific authority to provide telecommunications services in the State of South Carolina by Order No. 2000-596, dated July 24, 2000.

On December 28, 2005, TelePacific, through its corporate records analyst, filed a request seeking to withdraw the Company's Certificate. According to TelePacific, the Company has never served customers in South Carolina and does not intend to serve any customers in the foreseeable future.

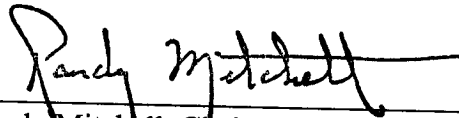

As TelePacific is not providing the services for which the Company's Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes

that TelePacific's Certificate of Public Convenience and Necessity to provide telecommunications services in the State of South Carolina should be cancelled.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide resold and facilities-based local exchange and intrastate interexchange telecommunications services in the State of South Carolina authorized by Order No. 2000-596, dated July 24, 2000, issued in the instant docket to U.S. TelePacific Corp. d/b/a TelePacific Communications is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
